

Neuronal genes and genes that gain MeCP2 binding

Universe: 21,072 genes tested for mCH

Neuronal only 4,080 | Both 129 | MeCP2 up only 283 | Neither 16,580

Fisher: OR = 1.85 [1.49, 2.30], $p = 3.49\text{e-}08$

3.1% of neuronal genes gain MeCP2, against 2.0% of the universe
